## Concept

Disowned Horizon heir turned shadowrunner face

## Description

Tall, lean and polished, with perfect teeth and an easy smile. Always in a tailored suit (armored, though you'd never know it). Up close he smells faintly of something expensive nobody can quite name. His voice is warm and practiced, and he can make it sound like anyone.

## Background

Darrow grew up inside a Horizon executive family: a penthouse, the VIP list at every club in Seattle, a corporate SIN, and designer bioware paid for by his father. He has always been able to talk his way into or out of anything, and he never had to work for it.

Then his parents cut him off. Maybe it was the novacoke, maybe the scandal, maybe one favor too many. The trust fund is gone and the penthouse lease runs out at the end of the month. He still has expensive tastes and a habit to feed, and the only skill he has is making people want to say yes. So now he does that for money, as the voice of a shadowrunner crew.

He is not a fighter. When guns come out, he gets small, finds cover, and keeps talking.
